Maximum marks	20 marks

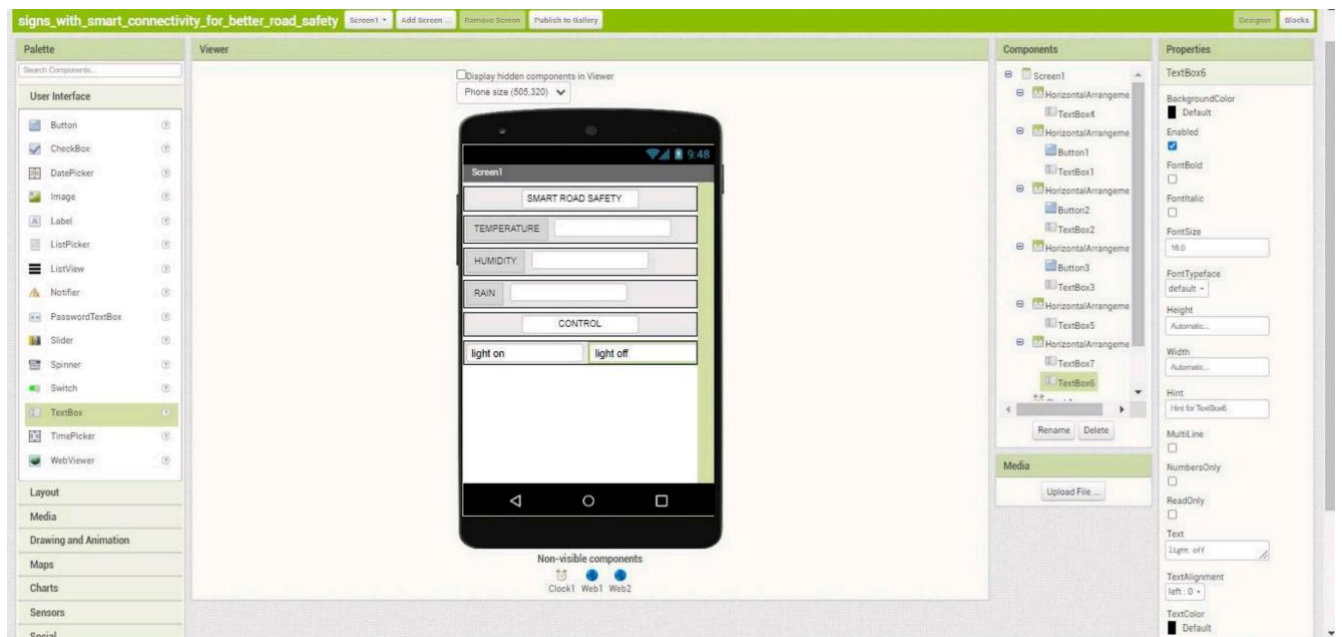

US-1: MIT APP inventor to design the APP.

The screenshot shows a Google search interface with the query "mit app inventor". The search results page displays approximately 62,800 results in 0.47 seconds. The top result is "MIT App Inventor" with a green checkmark, linking to <https://appinventor.mit.edu>. Below this, there are links for "Get Started", "Welcome to App Inventor 2!", "App Inventor", and "MIT App Inventor Login". A "People also ask" section is visible at the bottom left. On the right side, a knowledge panel for "App Inventor for Android" is displayed, identifying it as a "Computer program". The panel includes a description: "MIT App Inventor is a web application integrated development environment originally provided by Google, and now maintained by the Massachusetts Institute of Technology. Wikipedia". It also lists the "Initial release date" as 15 December 2010, the "Operating system" as Android, and states it is "Available in: 19 languages". The "Stable release" is noted as nb180a / November 26, 2019; 2.
